

Congratulation Message

I have the honor to extend our warm congratulations on the convening of the 2nd General Members' Conference of China Council for International Investment Promotion (CCIIP) on 9 February 2018 in Beijing.

Since its founding in 2006, CCIIP has played an important role in inward and outward investment promotion, which has contributed to economic and social development in China and abroad through win-win cooperation.

We are confident that CCIIP will continue its successful and important role in promoting investment under its new leadership to be elected by its 2nd General Members' Conference. We look forward to further strengthening our fruitful partnership with CCIIP in promoting investment for sustainable development.

James Zhan
